XCEL ENERGY'S COLORADO'S POWER PATHWAY ROUTING AND SITING UPDATE

Learn about progress on identifying transmission line routes and substation sites that will increase electric reliability, connect new energy resources in eastern Colorado and boost the regional economy

Xcel Energy®

Xcel Energy's Colorado's Power Pathway Routing and Siting Update

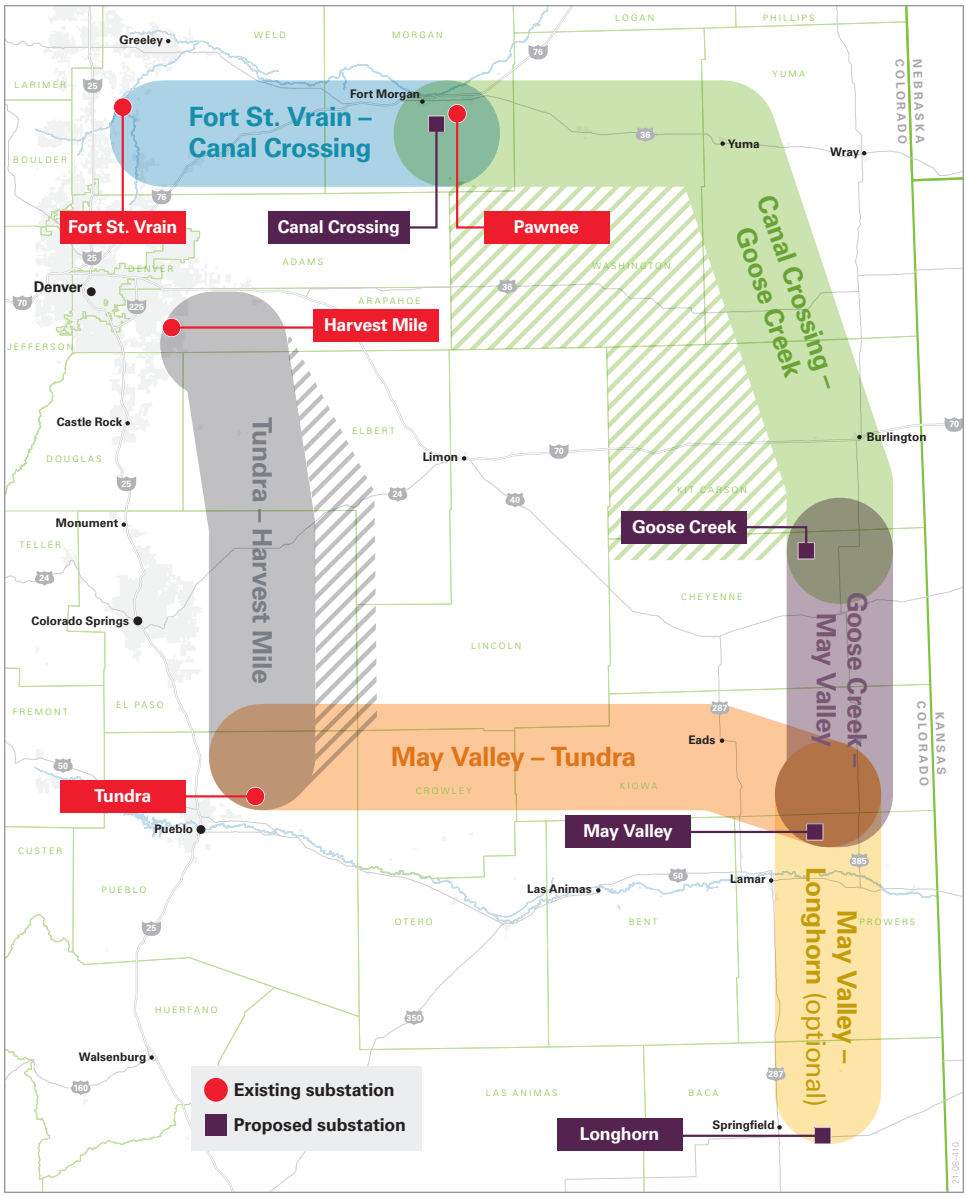
Please join us at a virtual town hall to learn about progress we've made on Colorado's Power Pathway, a $1.7 to $2 billion investment we've proposed to improve the state's electric grid.

Each virtual town hall will include the same presentation followed by a question-and-answer session. The presentation will provide a brief project overview and will cover siting and routing updates, including the development of focus areas for identification of transmission line routes and substation sites.

We will also provide information on upcoming in-person public open houses in communities around eastern Colorado. These meetings are planned to be scheduled in October and November.

Visit **ColoradosPowerPathway.com** to learn more.

Note about COVID-19: Xcel Energy continues to monitor the COVID-19 situation in the region. If local, state or corporate guidance prevents in-person meetings or affects the number of attendees allowed at any one time these open houses may be rescheduled or moved to an online format. We may also adjust the format to manage these considerations. Please check ColoradosPowerPathway.com or call the project hotline at **855-858-9037** for up-to-date information.



ABOUT THE PROJECT

Colorado's Power Pathway is a proposed 345-kilovot transmission line in eastern Colorado. We estimate the system will cross more than 12 counties and include:

- Approximately 560–650 miles of new high-voltage transmission infrastructure
- Four new and four expanded substations
- If approved, construction could begin in 2023 and the first segments could be in-service in 2025, with other segments completed in 2026 and 2027.

VIRTUAL MEETING SCHEDULE

Thursday, Sept. 23, 2021	Noon to 1 p.m.	Access Link (audio & video): **ColoradosPowerPathway.com** Presentation Dial-in Number (audio only): **855-962-1519** (English) **833-380-0723** (Spanish)
	6 to 7 p.m.	

FOR MORE INFORMATION

Contact us at **855-858-9037** or **ColoradosPowerPathway@xcelenergy.com** if you have questions or need assistance to attend a virtual town hall.

Si necesita asistencia o información en español, por favor contáctenos directamente al **855-858-9037** o **ColoradosPowerPathway@xcelenergy.com**.
