

# LEARN ABOUT PROGRESS ON COLORADO'S POWER PATHWAY ROUTING AND SITING

Join us at public open houses to provide input on possible transmission line and substation locations.

Xcel Energy continues to make progress identifying potential locations for planned electric transmission lines and substations.

We've identified focus areas, smaller areas within each segment study area, where the transmission route and substation sites could be located. Please join us at one of our upcoming in-person public open houses to learn about our routing and siting progress and provide feedback. Project staff will be available to provide information about the potential locations for the proposed transmission lines and substations and answer questions about Colorado's Power Pathway. We want to hear from you about this important project and any issues we should consider in your area.

No formal presentation is planned, so please attend at any time during the open house. Information will also be posted at [ColoradosPowerPathway.com](https://coloradospowerpathway.com) and an electronic comment form is available if you are not able to attend a public open house in person (click on 'Contact Us' on the website to access).

## ABOUT THE PROJECT

Colorado's Power Pathway is a proposal to build 345-kilovolt transmission lines in eastern Colorado. We estimate the system will cross more than a dozen counties and include:

- Approximately 560 – 650 miles of new high-voltage transmission infrastructure
- Four new and four expanded substations
- If approved, construction could begin in 2023 and the first transmission segments could be in service in 2025, with other segments completed in 2026 and 2027

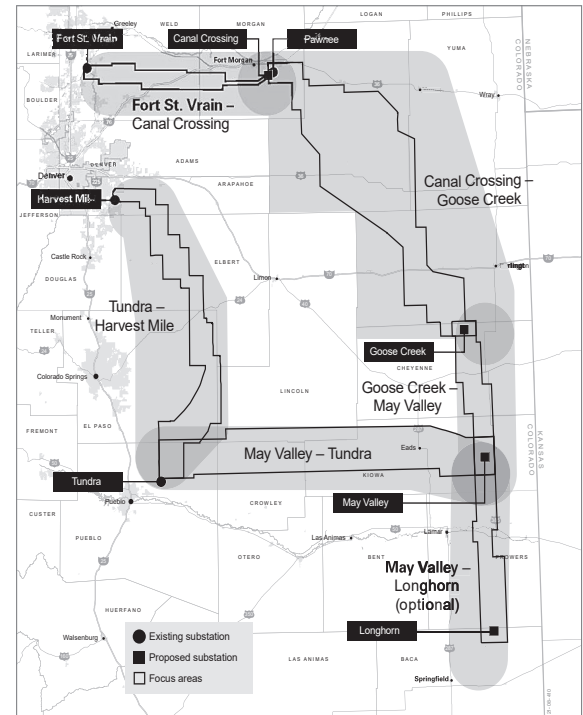

## FOR MORE INFORMATION

Contact us at 855-858-9037 or [ColoradosPowerPathway@xcelenergy.com](mailto:ColoradosPowerPathway@xcelenergy.com) if you have questions or need assistance.

Si necesita asistencia o información en español, por favor contáctenos directamente al 855-858-9037 o [ColoradosPowerPathway@xcelenergy.com](mailto:ColoradosPowerPathway@xcelenergy.com).

## OPEN HOUSE SCHEDULE

MONDAY, OCT. 11	TUESDAY, OCT. 12	WEDNESDAY, OCT. 13	THURSDAY, OCT. 14
3 – 7 p.m. Washington County Event Center Large Room 551 W 2nd St, Akron, CO 80720	9 – 11 a.m. Grassroots Community Center 6671 US Highway 36 Joes, CO 80822	9:30 – 11:30 a.m. Cheyenne County Fairgrounds Auditorium W 6th St S, Cheyenne Wells, CO 80810	11 a.m. – 1 p.m. Baca County Resource Center 1260 Main Street, Springfield, CO 81073
	3 – 7 p.m. Burlington Community Center Conference Hall 340 S 14th St, Burlington, CO 80807	5 – 7 p.m. Community Building 610 S 6th St, Lamar, CO 81052	

**Note about COVID-19:** Xcel Energy continues to monitor the COVID-19 situation in the region. If local, state or corporate guidance prevents in-person meetings or affects the number of attendees allowed at any one time these open houses may be rescheduled or moved to an online format. We may also adjust the format to manage these considerations. Please check [ColoradosPowerPathway.com](https://coloradospowerpathway.com) or call the project hotline at 855-858-9037 for up-to-date information.
