COLORADO'S POWER PATHWAY

COMMUNITY MEETING

Please join us to learn about
facilities proposed in Kiowa County.

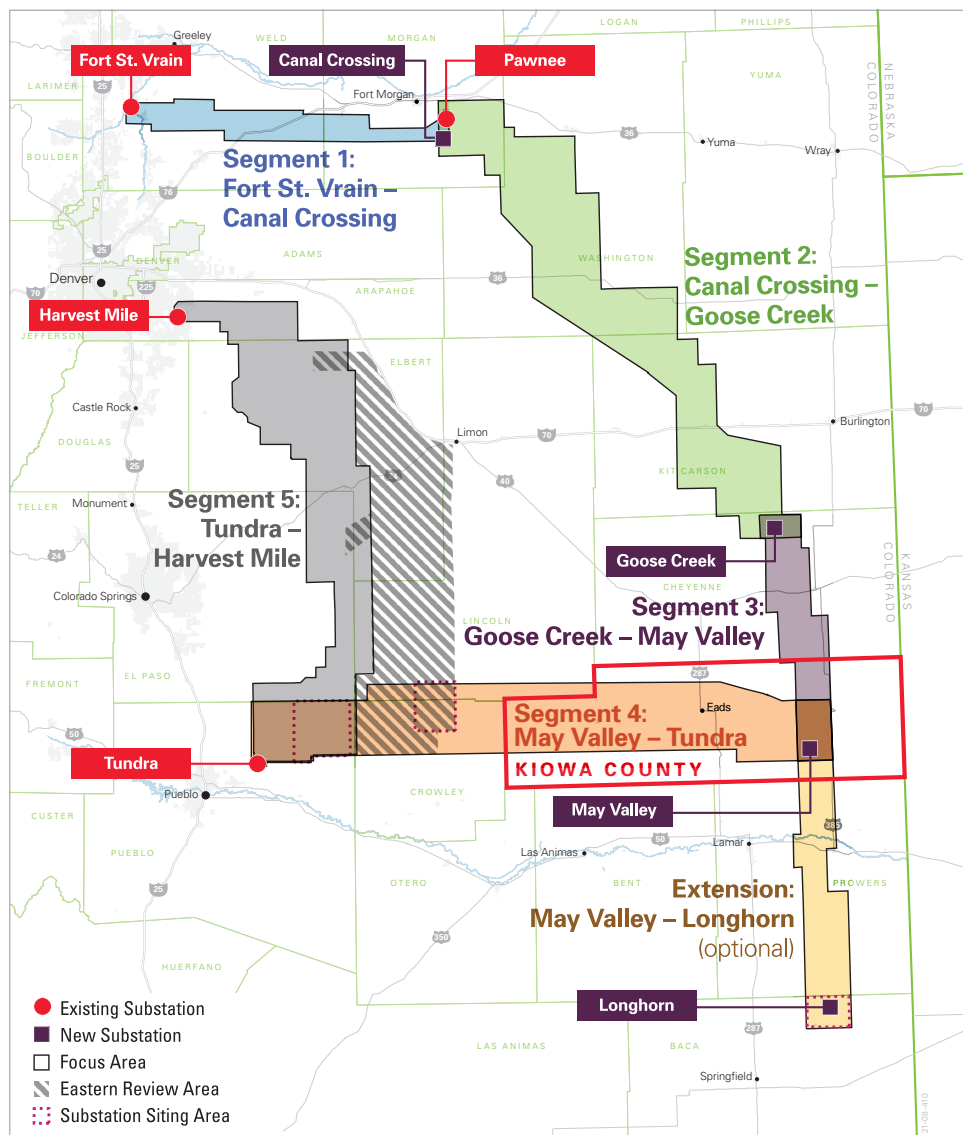

Open for additional details

Xcel Energy has submitted a Preliminary 1041 Application to Kiowa County for a permit to locate and construct Colorado's Power Pathway facilities in the county pursuant to the Kiowa County §1041 Regulations. The Preliminary 1041 Application may be reviewed at the Kiowa County Courthouse located at 1305 Goff St., Eads, CO 81036, between August 1 and August 9.

Pathway facilities proposed in Kiowa County include approximately 86 miles of new 345-kilovolt double-circuit electric transmission line and the new May Valley Substation. Pathway facilities will be constructed in segments, with approximately 22 miles of Segment 3 and 64 miles of Segment 4 proposed within Kiowa County.

You are invited to attend this Community Meeting to learn about Colorado's Power Pathway facilities proposed in Kiowa County. Project staff will be available to provide information about the Kiowa County 1041 permit application process and answer questions. Please attend to learn about this important project and provide information about any topics we should consider as part of the 1041 permit application process.

ABOUT THE PROJECT

Colorado's Power Pathway is a \$1.7 to \$2 billion investment to improve the state's electric grid and enable future renewable energy development around the state. The project will span more than a dozen counties, primarily in eastern Colorado, and include:

- Up to 650 miles of new 345-kilovolt double-circuit transmission line
- Four new and four expanded substations
- First segments in-service by 2025, with other segments complete in 2026 and 2027

Colorado's Power Pathway will deliver significant economic benefits to rural communities across eastern and southern Colorado over the short- and long-term. More immediately, project construction will require substantial amounts of contract labor, while also providing local jurisdictions and host communities with additional tax revenues and potential new job creation and investment opportunities.

COMMUNITY MEETING SCHEDULE

Tuesday, August 9, 2022

4-6 p.m.

Kiowa County Courthouse

1305 Goff St., Eads, CO 81036

No formal presentation is planned, so please attend at any time during the meeting. If you are unable to attend the Community Meeting, meeting materials will be posted at ColoradosPowerPathway.com.
