RE: Q24-096/ Xcel Energy's Colorado's Power Pathway Transmission Line 1041/Location & Extent Location: Arapahoe County

Please be advised that Xcel Energy (applicant) has had a pre-submittal meeting with Arapahoe County for a 1041/Location & Extent for Colorado's Power Pathway. Colorado's Power Pathway is being permitted concurrently through Arapahoe County's Regulations Governing Areas and Activities of State Interest (1041 Permit) process. Xcel Energy has submitted a 1041 Permit Application that provides more information about the aspects of the Project.

Colorado's Power Pathway is a $1.7 billion investment to improve the state's electric grid and enable future renewable energy development around the state. Colorado's Power Pathway will increase electric reliability, boost the regional economy and create jobs during construction.

Colorado's Power Pathway facilities proposed in Arapahoe County include approximately 17 miles of 345-kilovolt double-circuit transmission line and equipment additions within the existing fence line at Harvest Mile Substation. The transmission line will include the installation of steel monopoles of varying heights and conductor wire strung between each pole between substations. As mentioned above, the transmission line segment is currently in the permitting phase at Arapahoe County and is anticipated to be in-service by 2027.

The transmission line route in Arapahoe County begins at the existing Harvest Mile Substation, located west of South Harvest Road and East Quincy Avenue. The route continues northwest to East Quincy Avenue and then east along East Quincy Avenue. The route turns south (between Tom Bay Road and County Road 129) and continues south to County Line Road. The route continues to the east along County Line Road (County Road 194) before crossing south into Elbert County.

Please reference the map included in this mailing or view the interactive map of the route at **ColoradosPowerPathway.com**.

The process the 1041/ Location & Extent will follow includes intake by Arapahoe County of Xcel Energy's 1041/ Location & Extent application, followed by County review and outside referral. The application will be reviewed by the Arapahoe County Planning Commission during a public hearing.

Neighborhood outreach will be conducted on the referenced application at:

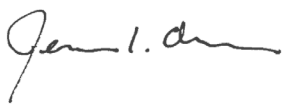
Time:	**5 - 7 p.m.**
Date:	**March 18, 2025**
Location:	**Arapahoe County Fairgrounds and Park** **Main Hall** **25690 E. Quincy Ave.** **Aurora, CO 80016**

As a neighboring landowner and member of the public you are encouraged to participate in this neighborhood outreach. For more information about this application, please contact us at **855-858-9037** or email us at **ColoradosPowerPathway@xcelenergy.com.**

Si necesita asistencia o información en español, por favor contáctenos directamente al **855-858-9037** o **ColoradosPowerPathway@xcelenergy.com.**

If you cannot reach the applicant, contact Molly Orkild-Larson, Planning Division, PWD Department, Arapahoe County Government, at **720-874-6650**.

Sincerely,



Jennifer Chester
Senior Manager, Siting & Land Rights
